

The End Begins, Chapter by Chapter Synopsis

(*Note, short scripture verses from both Old and New Testament are listed at the beginning of each chapter to give the reader a preview of what they are going to learn. The events in book are in scriptural and chronological order. I used Ron Rhodes' book and workbook, "The End Times in Chronological Order" as my guide. He is one of the top end time's theologians of our day and has published 65 books on the subject. Also note, Revelation does not tell everything about end times and is not always in chronological order in scripture. This is why Revelation is so hard to understand.)

Chapter 1-The Rapture

Introduces the three main characters of the Texas group: Jennifer Hatfield, local global top I.T. mind, owner of Jen-Z I.T. who has clearances to do classified cyber work for the D.O.D and D.O.T., Cooper McCoy, fourth generation owner of McCoy Express trucking company and George Doaks, local winning high school football coach who thinks he may have caused the disappearances when he blew his whistle at a practice scrimmage and all his players vanished. The rapture happens when Cooper and neighbor consultant Jennifer attend a D.O.T. bidding conference in Washington which causes instant, chaotic mayhem. People screaming, "Where is my husband?" "Where is my colleague?" A very pregnant D.O.T. lady at their table screams, "Where is my baby?" An unmanned small jet crashes into the conference hall causing all to flee for their lives. Jen and Coop drive back to Texas trying to figure out what just happened.

Chapter 2-World Chaos, Where have all the Children Gone?

Axis countries (China, Russia, Iran and N. Korea) meet to gather intelligence about the disappearances which has affected every nation since all the children under the age of accountability are gone plus going over world power assessments. N.A.T.O. countries meet to comprehend the situation with no conclusive intelligence. DEFCON levels are raised. (Country presidents are only mentioned by title.) The main Jewish characters, Chief Rabbi Yair Neeman and his bold lady assistant and former IDF Special Forces veteran, Ariel Reesen are introduced with backgrounds on each. Ariel's twin eight year old daughters have disappeared and she is determined to find them by any means. Rabbi Neeman reminds her that he is the keeper of the Torah and the Mosaic Law and will not look beyond those books for answers. There's no stopping a mad mother bear. The Antichrist, Helel "Henry" Guyion, and his staff are introduced while he meets with his demon staff at his privately owned hotel in Rome. He calls each of the six demons by name—Abaddon (a.k.a. Apollyon), Baal, Molech, Ishtar, Aerico and Ra, soon to be false prophet--and gives them timely instructions of what they are to do...in detail.

(***Author's note:** Helel goes by "Henry," knowing that Jewish theologians would know what his real name, Helel, means. Helel is the title God gave to Lucifer when he was the archangel. It means "Son of the morning." Later God banished Lucifer and changed his name to Satan which means adversary. Not to be confused with Hallel or Hallel, which is a yearly Jewish praise from Psalms 113-118.)

Chapter 3-Wars and Rumors of Wars, Gog and Magog

Cooper McCoy receives a frantic call from his high school football buddy, George Doaks, who is on the verge of suicide. His wife and son have disappeared and he has no students to teach. When Coop enters his office, George has a revolver pointed at his head and a half empty bottle of Jack Daniels on his desk. With little time to think, Coop tells George that he will hire him to search books and scripture to find out what is happening in the world. McCoy Express is in turmoil. Long story short, described in detail, N. Korea invades S. Korea, China invades Taiwan with no response from N.A.T.O. and Russia along with fourteen Muslim allied nations attack Israel while Israel sleeps. The next morning after the attack Israelis wake to find massive carnage of destroyed invading armies all over their country with no explanation of what just happened. Not one drop of Israeli blood has been shed. The Israeli Prime Minister calls Chief Rabbi Yair Neeman to see if there are biblical explanations. At the last minute, during the conversation with the Prime Minister, assistant Ariel Reesen gives the Rabbi a scripture verse out of Psalms for the Rabbi to tell the Prime Minister. The verse says, "The One who watches over Israel never sleeps."

Chapter 4—Shock and Awe

(Preceded by the verse: *"Upon the wicked HE will rain coals; Fire and brimstone and burning wind shall be the portion of their cup."* Psalm 11:6 (NKJV)

World media begins to stream the news of North Korea's defeat by U.S. and R.O.K. forces due to the expert I.T. work for the D.O.D. of Jennifer Hatfield who in the wee hours of the morning intercepted the N. Korean battle plan sent to China. More reports streamed globally of China's successful takeover of Taiwan. The news continued to show of the Russian coalition's unsuccessful attack upon Israel leaving all viewers with the question: How could this happen? Through on-the-ground N.A.T.O intelligence operatives showing live video's and satellite imagery, the N.A.T. O. heads of state see boots-on-the-ground accounts of the complete destruction of all the Russian coalition's government installations, destruction of their leadership and all military, including nuclear capabilities completely destroyed by huge chunks of fire and brimstone coming down from the skies above. The imagery makes Sodom and Gomorrah look like a small bicycle accident by comparison. No citizens of the coalition countries were affected. Russia is no longer a world power. Touching base with all three character groups, Cooper McCoy suggests that George Doaks begin teaching local people who are gathering at local churches seeking answers. The Prime Minister of Israel desperately calls Chief Rabbi to join him in an urgent press conference to tell the people of Israel what happened in the attack the day before. Mama bear chief assistant Ariel Reesen shows the Rabbi Ezekiel 38-39 which perfectly describes the battle. Most Jewish theologians thought the Battle of Gog and Magog was an ancient war. Due to the tremendous pressure and a lot of rebuttal by the Rabbi, he has no better explanation for the recent events and agrees to join the Prime Minister in his press conference to explain what happened, according to Ezekiel 38.

Chapter 5—Know Your Enemy, Evil Plans

Centered solely on Helel giving instructions to his demon staff for his rise to power and taking over world dominance while he is still known as a man of peace. The yet to happen seven year tribulation period has not begun until the signing of the peace treaty between Israel and the defeated Russian coalition. He addresses Abaddon as General Abaddon and instructs him to form a Won World Military consisting of terrorist groups and dictator groups from Africa and other small subversive nations. There is a touching scene when Abaddon's indwelled body sheds a tear and Helel asks Abaddon the difference between when he was a holy angel in heaven and now a demon working for Satan. Helel describes heaven as...perfection, and the second heaven as being...different. Helel keeps telling his demons to study *the playbook, that other book* (Holy Bible) to see the series of events that will take place. At the end of the chapter Abaddon has a question for his new master, Helel. He asks, "How do I win the Battle of Armageddon?" He receives no answer. Helel then instructs Baal to use A.I. and rewrite *that other book* placing Satan's name and his own to replace God and Jesus. Then to put a bounty on all people who will not turn in *that other book* and replace with *The Son of the Morning* version. Next he turns to Ishtar, queen of heaven, I am Woman, I am man, to do two things. First to begin the implosion of America with brothels set up in every city and to disrupt anything moral and secondly to begin issuing contracts to Chinese contractors to use A.I. and robotics to construct the New Babylon in current day Iraq which will be about the size of Texas within three years. Molech is to set up satanic temples of worship worldwide and give people a chance to walk in his fires to commit suicide when the three judgments begin. Since the Dome of the Rock was destroyed during the invasion of Israel, Henry Guyion plans on giving \$100M to Jewish leaders to clear the site of rubble so they can begin construction on the third temple. Aerico, Greek god of pestilence, is instructed to set up bio labs and create pandemics that make the bubonic plague look like common colds. Finally Helel speaks to Ra, former Egyptian sun god and gives him instructions to begin form a Won World Religion and to become the false prophet leading the world away from God. (Sorry these paragraphs are so long, there is much happening in each chapter.)

Chapter 6—Rainbows, The Truth Shall Set You Free

Preceded by Revelation 10:1, "I saw still another mighty angel coming down from heaven clothed in a cloud. And a rainbow was on his head..." This rainbow theme is carried forward throughout the entire book. As people not caught up endure the apocalyptic period and accept Christ as their savior, God places a seal upon their foreheads—not a cross—but a unique, multicolored rainbow that they themselves cannot see but only new Christians can see on each other. God's way of vetting who people can trust. George, from his months of study tells people at the McCoy Express compound about the sinner's prayer. He leads many through it and rainbows begin appearing on their foreheads. It takes a couple of times for Coop to receive his rainbow in a very touching scene. Jen and Cooper decide to buy a large, local abandoned church so they can begin teaching and baptizing locals in the San Marcus/Canyon Lake area. Its George Doaks initial calling to become a self-ordained pastor. Cooper and Jen buy the church which seats 3,500 in the sanctuary and has a reflection pool in front for baptizing. At the last minute, two other LLCs make a higher offer for the property, one being Ishtar International and the other

Molech Global. Because the realtor is a local friend, Cooper and Jen get the church and name it Rainbow Church. After renovations are done to the property, “Pastor” George Doaks begins to prepare the first of his sermons telling people what has happened in the rapture, where their loved ones are and the three judgments that are ahead.

Chapter 7-The Great Lie, Numbers

(*Author’s note concerning the numbers. Google stats say there are 8B people on planet earth. End times scripture says, “...two men will be working in the fields, one taken, the other left. Two women working at the grist mill, one taken, the other left...” That’s 50% of people caught up in the rapture. Further confirmation of 50% caught up during the rapture; Google stats say there are 2.5B professed Christians in the world and there are 1.5B children in the world under the age of 15. With 8B people in the world using above numbers one half of 8B people leaves 4B people after the rapture. The Bible says one quarter will die during the first half of the three year tribulation which is 1B, leaving 3B. The Bible says one-third of people will die during the second half of the tribulation period or another 1B people leaving 2 B people so see the second coming of Christ.)

McCoy Express receives \$750M in D.O.T. contracts. Pastor George Doaks begins his sermons on end times to Rainbow Church congregations. Those sermons are picked up by local media and streamed worldwide. This leads to the beginning of the Pastor Doaks Reports (PDRs) that go worldwide by streaming media. Israelis begin burying five of six axis soldiers killed during the Gog/Magog war and have fuel from their military equipment to last for seven years. Helel and Abaddon recruit terrorists from ISIS, Taliban, Boko Haram and Mexican cartels to provide Won World Police forces to “protect” the defenseless people of the defeated Russian coalition. Their “protection” comes at a high price—all the oil and other assets of each country. Helel “Henry” Guyion gains world recognition as being “the man of peace” and moves his headquarters from Rome to Jerusalem and offers Israel \$100M to clear the site where the Dome of the Rock once stood so Israel could begin the construction of their third temple upon that site. “Henry” Guyion is then pursued by world media for interviews. In his interviews “Henry” tells the world (His Great Lie) that he has learned the reason behind the disappearances and constructs a “documented” report that the disappearances were caused by an anonymous, rogue group of world scientists who constructed a secret, larger underground super-collider similar to the CERN Super-Collider (Large Hadron Collider) in Bern, Switzerland at an undisclosed location in Africa. He stated that even the deceased Stephen Hawking had warned against opening up portals to the unknown since science did not know what was on the other side of the portal (fact). “Henry” stated this new portal took the souls of 4B people to an undisclosed location and could never be recovered. “Henry” and his group of philanthropists destroyed this facility he told in his report and offered a 4500 page (A.I. generated) report as proof. When the George Doaks Report came out, he revealed the biblical truth of the disappearances. This put Doaks and Rainbow church on Helel’s radar to be overcome at a later date. Ariel Reesen, admin assistant to Chief Rabbi Yair Neeman, puts in a desperate call to Pastor George Doaks to come to Israel and talk to the Rabbi.

Chapter 8—Don’t Mess with Texas, Massacre in San Marcos

In retaliation to the George Doaks Reports, Helel directs his demons to form a four bus convoy with fully armed indwelled maniacs to go down south to into San Marcus, Texas from up north and destroy George Doaks, his family and Rainbow Church. Their convoy also contains an 18 wheeler full of explosives. When the convoy gasses up in north Texas, “Gunner” hillbilly owner of Stop and Gas calls the local sheriff telling him of the armed group of maniacs and their overheard plans to demolish Rainbow Church in San Marcos. The sheriff contacts ATF, FBI, DPS and the Governor to quickly prepare for the attack. A Texas DPS (Department of Public Safety who works for the Governor) colonel goes over the rules of engagement with all branches of law enforcement who lie in wait. When the convoy arrives during the wee hours of the morning at Rainbow Church, the maniacs unload and immediately begin firing at the massive group of law enforcement. All but three of the 277 demon indwelled maniacs are killed, the truck containing the explosives was not hit and local Army personnel loaded up the bodies and took the three remaining maniacs to nearby Camp Mallory for DNA testing and interrogation. Two law enforcement personnel were killed and three wounded. Before the sun rose the area was washed clean, bullet holes at Rainbow Church repaired and local residents only heard gunfire the night before. Due to increased lawlessness, people didn’t think much about it. Pastor Doaks and Jennifer Hatfield arrive in Jerusalem to meet with Ariel Reesen before any meeting is set with the Chief Rabbi. Ariel picks up George and Jennifer and at their request takes them to the Yardenit Baptismal site on the Jordan River. On their way Pastor George tells Ariel that her twin daughters are with Jesus in heaven. Ariel is relieved and believes them which was a much better decision than believing the lies of “Henry.” George and Jennifer baptize each other, then unexpectedly, Ariel, in disguise, is also baptized, seeing their new rainbows appear. (I, too was baptized there.) Events in this chapter go back and forth to leave the reader in suspense.

Chapter 9—Treaty, Tribulation, Theophany

Still in Israel Ariel arranges for Jen and George to attend the signing of the peace treaty between Israel and the Russian coalition at the Knesset’s Negba wing conference room that seats 330 people. They had yet to meet with Rabbi Neeman. Coalition diplomats filed into the room at the head table on the left as Israeli officials sat to the right. The Prime Minister of Israel, Rabbi Neeman and “Henry” sat in the middle before the press filled room. Formalities over, the Prime Minister told the crowd of the \$100M donation for Israel by Dr. Guyion to begin construction on the third temple and introduced him to much applause from the crowd. Guyion began giving a heart throbbing speech on world peace quoting lines from the Dalai Lama XIV (fact) and introduced his ideas of a Won World Organization for peace and banning all nuclear weapons. As the meeting ends and all attention is on the man of peace, Pastor George notices a rainbow on the Russian Ambassador’s head. George runs past the media as Mikhail Jaranov is near an exit. They meet briefly. Jaranov has read the GDRs of the pastor and recognizes him. They quickly make up a fake email addresses, *fdos*, Mikhail’s favorite author, Feodor Dostoevsky, for Jen to encrypt so they can contact one another. Mikhail tells George about the horrific conditions in Russia since the Won World Police force has taken over and his own eye witness account of when fire and brimstone came down on the Kremlin Building in Red Square. That’s when he

received Jesus. George sees six other rainbows in the crowd and does the same email thing with them to form an encrypted rainbow line of communication around the world. Early the next morning Ariel drives Jen and George to the Wailing Wall to see the *two witnesses* who have just appeared. The signing of the peace treaty began the seven year tribulation. The two witnesses appeared according to scripture to preach 24/7 for the next three and a half years. As George approached one of them early in the morning, he was enveloped in a misty, flesh colored cocoon as hundreds of golden, broken threads penetrated his entire body. He had never experienced such love and security. He felt like he was breathing the very air of heaven. A still, soft voice spoke six words to him, *you are here for a reason*, before the cocoon went away as quickly as it had formed. George had just experienced a theophany. (I myself had this experience, same words.) As George approached one of the witnesses dressed in sack cloth, he began asking them questions, “Are you Moses? Are you Elijah?” The witness waved him aside as six antagonists armed with knives rushed the witnesses. Fire came from the witness’ mouth and all six antagonists were burnt to embers. TV cameras recorded the entire event.

Chapter 10—The 4 Horsemen, Seal Judgments

Helel assigns names to the 4 Horsemen of the Apocalypse. Jen and George go over their trip to Israel with Cooper. Cooper tells them about the massacre in San Marcus. George begins his sermons at Rainbow Church. His first sermon is entitled, “The End Begins” as he goes over the Seal Judgments that are happening. Cooper introduces his young CFO, Ryan Rayburn to the rest of his staff, just graduated from the Wharton School of Business. His tuition paid for by Cooper. George gives insight to Ryan and Cooper for the need to begin setting up a barter system when the Mark of the Beast happens in three and a half years. With Jen’s help, Pastor George sends out the first of his encrypted emails for the George Doaks Report (GDR) on his sermon where he defines Satan as *The Dragon*, the antichrist as *The Beast* along with many other hard to understand titles and prophecies. He warns people to “be ready,” which is the theme of Revelation. Still trying to get background info on Helel Guyion, Mikhail (email handle *fdos*) emails Jen about a trilogy he read years ago (The Wayne’s Angel trilogy, written by me, no author mentioned) because he remembered the uncommon name *Helel Guyion*. Jen’s I.T. team buys all three books, forms a group of twenty readers, all reading 50 pages and has a PowerPoint presentation ready in five hours. With this information they track down Helel’s signature on the transfer document of the hotel in Rome once owned by his mother, Dr. Helle Guyion, the most evil woman on earth. With this proof of signature they confirm the true identity and background of ole “Henry” Guyion to go along with scripture proof that the antichrist will officiate the peace treaty.

Chapter 11--The 144,000, The Seal Judgments Continue

Abaddon meets with Helel to ask him if he can find another indwelled body, telling Helel that the human is very strong willed and causes him trouble controlling the indwelled bodies’ actions. Very touching scene, the indwelled huge black body is *Musa*, meaning “mercy.” As Abaddon exits the almost lifeless body, Musa accepts Christ with his last breath before Helel shoots Musa in the head. Abaddon now chooses to indwell Li Wang, a very high official’s body who is head of the Chinese Communist Cartel. Helel approves. Dr.”Henry” meets with the Prime Minister of

Israel, the Knesset and Rabbi Neeman to make another pitch for World Peace and asks Israel to be the first member. Members are split...as usual. As part of her plan to influence the Rabbi, Ariel begins questioning the Rabbi about the near future dedication of the third temple. She asks him, "What about the Ark of the Covenant, we don't have the original? Nor do we have the original 10 Commandment tablets, or the jar of manna or Aaron's budding staff that were all originally contained in the Ark. Do we make duplicates?" The Rabbi has no immediate answers for Ariel. Her plan is working. Jen's reader team finds more evidence in the *Wayne's Angel* trilogy. That the character Hank Hawkins was actually discharged from the Marine Corps, character Dr. Eric Palmer was actually a parapsychologist employed by N.A.S.A., along with DNA testing he did on main character Wayne Tyler which actually came back with the impossible 23.5 chromosomes. Jen's Top Secret security clearance allowed her to find State Department documentation that Helel's mother, Dr. Helle Guyion was ordered out of the U.S. on a *persona non grata* order. Jen's team secures copies of the documentation on all these items.

Chapter 12—The Truth Shall Set You Free, "Signs"

Scripture verse to lead off this chapter: "*Then HE said to them, 'Nation will rise up against nation, and kingdom against kingdom. And there will be great earthquakes in various places, and famine and pestilences; and there will be fearful sights and great signs from heaven.'*" Luke 21:10-11 (NKJV). Rabbi Neeman continued his study of the Torah, searching for answers to world events while Ariel studied the New Testament, still determined to influence the Rabbi. The third temple was completed nine months after the signing of the treaty (it is common knowledge that the third temple has been preassembled off site for fast construction in Jerusalem) and was about to be dedicated by the High Priest of Israel, Rabbi Neeman along with chosen temple employees put together by the newly formed Sanhedrin. Ariel reads scripture to the Rabbi from Revelation telling him, in verse, about the two witnesses at the wall. The Rabbi didn't want to hear this but could not dispute the presence of the witnesses at the Wall. She also played clips from streaming media about "earthquakes in various places" where earthquakes were rare and clips of blood moons which had occurred, also mentioned in scripture. She continues by telling the Rabbi about the chosen 144,000 designated Jewish virgin men who will evangelize the earth for three and a half years. He has never heard about them, nor did he want to. Pushing the Rabbi's patience, Ariel goes on to show him the report on Dr. Helel "Henry" Guyion done by Jennifer Hatfield proving that he was in fact, the antichrist. The Rabbi declines to read it. Ariel finally convinces Rabbi Neeman to accompany her in the wee hours of the morning, in disguise, to see the two witnesses at the Wall. As the Rabbi hears the words of the two witnesses, he was in a state of reverie like he was experiencing a conscious dream. He fell at the knees of the witnesses who told him not to kneel. One spoke to him and said, "Yeshua is Messiah. Tell Israel." This was one of three divine messages to Rabbi Neeman. At the temple dedication, after the High Priest had dedicated the Holy Place, he and his staff went to the Holy of Holies to dedicate it, separated by a veil. As Jewish tradition instructed, the temple staff tied a rope around the High Priest's ankle in case he was struck dead by God. Just before entering the Holy of Holies a nineteen year old average looking Jewish boy appeared before them, levitating two feet off the ground. They were amazed and had no explanation of what they

were seeing. The young man introduced himself and said, “I am Moshe from the tribe of Levi, one of the 144,000.” Described in detail in the book, Moshe told the High Priest not to enter the Holy of Holies and made a hand gesture that split the veil from top to bottom. Moshe told all of them, “Yeshua is Messiah” and went on to quote The Great Commission given by Jesus to His disciples. One of the temple workers shouted out, “Blasphemy!” With no rebuttal Moshe had a personal *thought* message to each of them. To Rabbi Neeman, Moshe said, ““Rabbi Neeman! Yeshua is the Messiah. It is the third time in three days you have been told this. Once by Mrs. Reesen, again by the two witnesses at the wall, and now by me. My message to you is to pray for missing wisdom, search the scriptures, *all* of the scriptures, especially in the New Testament. Listen to Mrs. Reesen, your assistant, and to George Doaks. They speak the truth.” Moshe disappeared. The temple dedication was not finished. The temple staff and the Rabbi all left the scene without saying anything to the media gathered in the courtyard outside. When the Rabbi got in the car with Ariel he told her, “No questions about what went on inside the temple. Just get that report on Dr. Henry Guyion ready for me to read when we get back to the office.”

Chapter 13—The Mystery of Iniquity, Seal Judgments End, Trumpets Begin

Begins with a world news report from London (before new media is taken over by Helel and taking the old Journalism axiom; “If it bleeds, it leads”) reporting Germany withdraws from N.A.T.O. since Russia is no longer a threat. The tiny nation of Andorra taken over by Spain in a bloodless coup. Many wars breaking out in Africa, larger nations taking over smaller nations, causing terrible bloodshed and disease. Pakistan and India send troops to their borders (both nuclear power nations). Saudi Arabia plans an attack on the now defenseless Iran. Conflicts in the U.S. where terrorists groups are blowing up power plants, poisoning water supplies and no response by the government. Ending the news cast that Dr. Henry Guyion will meet with the U.S. President. The U.S. President gets a briefing from his staff on all the carnage going on, massive deaths by fentanyl and mass outbreaks of Covid-X with no vaccines available. He calls the President of Mexico asking him to stop cartels from bring in fentanyl or higher tariffs will be placed on Mexico. The Mexican President laughs at him saying, “We don’t need trade with U.S. anymore, we have trade agreements with all South American nations, plus, Mr. President. This sounds like a personal problem of the U.S., not Mexico.” The U.S. President orders his Joint Chiefs to use all Special Forces to launch an all-out assault on Mexican cartels, killing all of them just as a former President eliminated ISIS in a matter of weeks. Months later the Mexican President calls the U.S. President yelling and screaming about his invasion of Mexico, killing the cartel members, taking their billions in cash. The U.S. President replies saying, “Emilio, this sounds like a personal problem,” then hangs up. The U.S. President meets with Dr. Henry Guyion for a photo op at the White House. Helel has super human powers of hypnosis from Satan to hypnotize people with a glance and does so as he enters the Oval Office. Helel gains access to the President’s nuclear launch codes and places a post hypnotic suggestion to the President to launch any nuclear warheads at any targets he chooses. The McCoy Express group meets with Pastor George to give them a detailed update on each of the Seal Judgments which are nearing an end six months before the first Trumpet Judgment begins. They find out that their previously planned barter system where McCoy Express will take 10% of freight charges with

select clients in produce and cattle in lieu of monetary payments will not work. They do not have the capability to store the produce or process the meat, to feed their 30,000 congregants for three and a half years realizing the Mark of the Beast is coming soon. Their money will be useless. Meanwhile, Jen gets hundreds of thousands of emails from all over the world requesting the George Doaks Reports. George tells them the 144,000 are evangelizing people all over the world and are probably directing them to his reports. The chapter ends with a desperate email from Ariel in Jerusalem asking for George and Jen to fly back. Her boss, the Chief Rabbi is ready to talk to them.

Chapter 14—Mystery; Babylon the Great, The Voice of Israel

Almost at the beginning of the Great Tribulation, Helel's new headquarters, The New Babylon, was near completion and described in mind blowing detail in the chapter, things no one would ever imagine. Knowing world dominance of all the world's military forces could be a timely problem, Helel had also issued contracts to Chinese ship builders to construct 400 Nuclear powered submarines for the Won World Navy, each capable of carrying hundreds of nuclear missiles and fire them while submerged on the ocean's floor. The Won World conscripted army would be led by robots never seen before except in sci-fi movies. Details of the Won World Financial transactions after the Mark of the Beast was active and handled from his residence named Messiah Towers are also given in detail to control all currency transactions. Helel could control the food supply to any nation and cause their submission by starvation. Pastor George Doaks and Jennifer Hatfield arrive in Jerusalem. Ariel tells them that the Rabbi is near suicide with all the pressure that is on him and that most of the other Jewish clergy has alienated her boss. George plans two short trips for them, hopefully to restore some peace and tranquility to the now wobbly Rabbi who can barely walk. The first trip is to take a short voyage on the Sea of Galilee where little was said. The waters began to restore a calmness to Rabbi Yair Neeman. Next George took everyone to the small garden tomb where Christ was laid after His crucifixion on Calvary's Cross and asked the Rabbi if he would like to enter it. The Rabbi insisted of entering alone. As he entered, a feeling came over him. He knelt down and a bright, brilliant light only visible inside the tomb showered down on him. The Rabbi had to hide his eyes. Then a small still voice spoke to him from inside the light saying, "Yair, Yair, why do you reject ME?" Just as the risen Christ spoke to Saul, later name Paul, while he was on the road to Damascus centuries ago. Yair responded feebly and asked, "Who are you Lord?" Jesus responded saying, "I am Yeshua whom you reject." Yair began crying in this touching scene. He accepted Yeshua as his Lord and Savior. Jesus responded by saying, "Now begin serving ME, Yair, be my voice to all of Israel..." Yair emerged from the garden tomb with new strength, new purpose and a new rainbow seal upon his head. All rejoiced. The chapter ends with another world news broadcast telling about the nuclear war between Pakistan and India showing picture after picture of the massive mushroom clouds over each country and showing other pictures of fire falling from heaven catching trees and grass on fire all over the globe. The first Trumpet Judgment has happened. Helel gloats over the broadcasts, curses God and tells his demon staff that what is about to happen will be "so evil, so stupendous."

Chapter 15—Trumpets Continue/Survival, Where is Hope?

Pastor Doaks, Jennifer and Ariel drove back to Jerusalem to further brief Rabbi Neeman on upcoming events mentioned in Revelation. The Rabbi said to Pastor Doaks, “Now I’m your student. Teach me.” Back at the Rabbi’s office, Pastor Doaks begins reading from Revelation telling the Rabbi each step in the end time’s scripture from the ending of the Seal Judgments and into the Trumpet Judgments. He emphasized to the Rabbi his calling, telling him to be aware of such events as the seemingly death of the antichrist, his mimic resurrection and to be aware of the Abomination of Desolation which would happen when the antichrist takes over the temple in Jerusalem and institute the Mark of the Beast. “That is when to tell all Israelites to FLEE, probably to Petra in Jordan, and that Yeshua is Messiah!” The Rabbi agreed to do so. George and Jennifer arrive back in San Marcus. Cooper and CFO Ryan Rayburn go over the hopelessness of trying to amass enough food for their 30,000 congregants for three and a half years. They decide to liquidate their contracts, sell off equipment and buy mass amounts of MREs (meals ready to eat) along with as much bottled water as they can get. No more business, concentrate on survival. Jennifer gets an email from the State Department asking if she and two of her I.T. staff would be interested in a one year contract paying two million “credits” to assist in the final stages of the computer system in New Babylon. At first she laughs, then thinks what havoc she could wreak on the system using worms and viruses. She agrees to go and takes two young lady I.T. staffers with her, Dylan and Michaela.

Chapter 16—Entering the Valley of Death, Who is this Man?

In preparation for their year in New Babylon Jennifer begins to *school* Dylan and Michaela on the dangers they will face there. Going into detail about *do*’s and *don*’ts Jennifer gives both her assistants a Rubik’s Cube and briefs them on color combinations that will correspond certain word phrases they will use in the workplace. They will appear to be just lowly computer nerds to their associates in New Babylon. Dylan is a type “A” personality and Michael is very introverted. The young ladies are just now realizing the dangers they will face and follow Jennifer’s instruction to the tee. The Won World aircraft picks up the three ladies at the Austin airport, loaded with other I.T. personnel from various places around the globe. Coop begins snapping picture of the aircraft along with photos of the uniforms of the Won World flight attendants and armed guards. Jennifer and Pastor George are forming a romantic interest in each other. George is missing Jennifer even before she leaves. Pastor George begins his latest GDR (George Doaks Report) telling people all over the globe of the coming false “death” of the antichrist, his fictitious resurrection, his false prophet, the killing of the two witnesses at the wall and the coming of the Abomination of Desolation. “When you witness this, Flee! There will also be a massive earthquake in Jerusalem. Avoid the area.” News cameras recorded all of these supernatural events that the GDR had predicted the day before including the horrid deaths of the two witnesses and three and a half days later seeing their bodies come back together hearing a booming voice saying to them, “Come Up!” All the events happened in chronological order according to scripture. Rabbi Neeman calls a news conference and gives a historical, brilliant speech about Israel’s history, things that have happened and things to come including scriptures from both the Old and New Testaments and tells all Israel, “Yeshua is Messiah!” And to flee when they see the Abomination of Desolation. This speech, streamed throughout the world. Helel hears the Rabbi’s timely testimonial and is livid.

Chapter 17—“Mimic,” Flee

Moshe, one of the 144,000 appears to Rabbi Neeman once again instructing him to charter 24,000 tour busses in Israel to evacuate as many *believing* Jews as possible to Petra. The Rabbi announces pick up points to all that would obey. In rebuttal to the Rabbi’s speech, Helel announces his own news conference at the Wailing Wall. This was the announcement that Ariel was waiting for. She has devised a plan to kill Helel herself along with a small group of her brave IDF Special Forces team. Before his speech, Helel reached out to the IDF to provide security along with his own private security team. On the platform, the IDF team was dressed in riot gear wearing tinted face shields and body armor. Ariel, armed with a technically advanced *razor laser* contained in a lipstick tube was pushed, on cue by her teammates, into the back of Helel as he gave his speech. She activated the laser just below Helel’s shoulder blades hoping it would burn the antichrist up into his brain and kill him. During the turmoil that followed when Helel fell down on the stage, seemingly dead, Ariel was pushed back into the IDF team and fled the scene unnoticed. Helel was taken to a nearby hospital ER where he was officially declared D.O.A. Helel’s security took him back to their headquarters building in Jerusalem where Satan indwelt his son of perdition, did some reverse engineering on Helel’s wounds and restored him before he actually died. Satan did not have the power to restore death back to life and acted quickly. Three and a half days later Helel’s staff planned a grand funeral procession through the streets of Jerusalem that ended at the Wailing Wall, covered by all media. Helel was in an open coffin during the procession so all the crowds could mourned him and could clearly see his seeming lifeless body and pay tribute. At the end of the procession, led by a short pious-looking man in robe and sandals who would soon be declared the false prophet, Helel mimicked the resurrection of Christ by sitting up in the coffin, full of life. Ra, the false prophet declared Helel as the true messiah and caused fire to come down out of the skies incinerating a small group of onlookers to show his power in the presence of Helel. People gasped, the scene was streamed globally to all parts of the earth. That same night Helel’s forces invaded the temple and initiated the Abomination of Desolation. Rabbi Neeman calls his own early morning news conference telling people to flee to the busses. The busses depart and Helel’s forces try to stop them but God Himself causes great earthquakes on either side of the highway to Petra to swallow up Helel’s forces. When the busses arrive in the once baron land of Petra, Moshe is there to greet them. Ariel, her husband and the Rabbi were on the lead bus. All the people find a desert paradise before them, a sanctuary city that is green with grass, sheep and goats on a hundred hillsides, water gushing from the rocks and date palm trees all around for their food. Quarters were carved out of the red rock to accommodate the almost two and a half million Israelites who boarded the busses. This will be their safe haven for the next three and a half years.

Chapter 18—Implosion, Philip

Things are getting hopeless at the Cooper Express compound. They couldn’t buy enough MREs (meals ready to eat) nor enough bottled water to sustain their 30,000. Cattle on the compound were without grass to eat or water to drink caused by the worldwide plagues of the progressing Trumpet Judgments. They complained about the A.I. infused news casts that told them nothing about what was happening around the world including weather reports as to why there was

diminished sunlight. Six months past their return dates, no one had heard from Jennifer, Dylan and Michaela or even if they were still alive. Pastor George puts out more GDRs to keep his followers up to date on the judgments and what to expect next. They received an email from *fdos*, Mikhail Jaranov in Russia, telling them about one of the 144,000, *Yossi*, leading them to an ice castle inside a huge glacier in Siberia, their safe haven. They hunt abundant game with bows, arrows and spears since guns have been outlawed. There is a huge rainbow inside. Israel is under massive attack by the Won World Military. Helel, in his Messiah Towers headquarters in New Babylon, calls his demon staff to give him updates on their assignments. Each demon gives their sterling reports of famine, pestilence, lawlessness, record suicides and world chaos they have caused, especially in America. The President and Congress have gone underground, Washington has been overrun by protestors, record numbers of A.W.O.L.s (absent without leave) from military personnel being called home by their families for protection and survival. America is imploding. Helel isn't satisfied with the progress and tells General Abaddon to plan nuclear attacks on the U.S. Helel gives his report about how the Won World Finance Center is taking in trillions a day with instant 40% interest charged on all transactions and no rebuttal, there are no courts, after the activation of the Mark of the Beast. Ra, the false prophet presents the finished copy of Helel's own holy book called the *Son of the Morning Bible* replacing "God" and "Jesus" with "Satan" and "Helel." The first four books of the New Testament (the gospels) are renamed Helel, Abaddon, Baal and Molech. Books of Ruth and Esther are renamed Aphrodite and Ishtar. There is a 30-day, mandatory buyback of *that other book*, and then bounty hunter squads will seek out people holding on to their Holy Bibles, kill them and get huge bounties on the Bibles they turn in. Those who refuse to take the Mark have three choices; starve, suicide or be flown to the new Gladiator Arena in New Babylon for a special Guillotine Day. Philip, one of the 144,000 shows up at the McCoy compound when Cooper and George show up to work and there is no compound in sight. From San Marcos to Canyon Lake, the entire area had been taken underground with food, water and crops to harvest. Coop and George discuss wranglers riding unicorns which are mentioned nine times in the Bible. Jen's I.T. staff gets an email from Dylan telling of their E.T.A. back in Austin. When they arrive Jennifer is not with the two girls. Dylan tells them about their horrid plane ride back and that Jennifer was arrested two days before their return when her boss tried to seduce her and she kicked him in the groin.

Chapter 19—Three Woes, No Greater Love

Dylan and Michaela return to the underground McCoy Express compound and are completely amazed. They catch a much needed night of rest before telling their detailed story to Pastor George and Cooper about what happened to Miss Jennifer. Pastor George puts out a GDR on the upcoming Three Woes to his huge list of followers. A worldwide news report gives graphic details on the horrid scorpions and the incurable pain they are causing. Helel is screaming in pain and calls out to his demon staff who have temporarily exited their indwelt bodies because of the pain. Even prayers to Satan could not ease the pain Helel was feeling. Dylan and Michaela finally give their detailed report about the missing Miss Jennifer. They begin with the atrocities that happened on the plane back to the states. Dylan and Michaela show Cooper and Pastor Doaks what looks like charm bracelets. They contain pieces of flash drives smuggled out that can reveal secrets of the Won World computer systems. The girls tell their bosses about another of

the 144,000 named *Benjamin* who instructed them to flee New Babylon. With the info downloaded Cooper calls his team of the five former, retired Special Forces team to plan the rescue of Jennifer from a prison near the Gladiator arena. The detailed, logistical plan for the rescue had flaws, like what “N” number to put on the jet that would carry them to New Babylon without detection. George wanted to go but Cooper said it was a “Hatfield & McCoy thing” and George was needed to carry out his divine plan. The rescue began with tense situations. They got the battered Jennifer and several other rainbows out of the prison and onto the plane for the flight back to Austin. After resting, Jennifer gets a laptop and initiates the worms and viruses she and the girls had planted into the Won World computer system. Finally doing a Face Time call to Pastor George, Jennifer tells him, “I can’t wait to give you a great big...” then George sees fire on Jennifer’s Face Time, then hears a “Boom,” and static fills the screen. **In deep remorse, the girls ask Pastor George what he thinks heaven will be like. He responds, “I think heaven will be like love without heartbreak, community without judgment, pleasure without temptation and light without darkness.”**

Chapter 20—Woes, Bowls & Babylon

Five months later after the pain of the scorpion stings went away, Helel calls General Abaddon to his headquarters to lay out plans for total destruction of the U.S., Canada, Japan and Australia by nuclear attacks. Helel has not forgotten the massacre in San Marcos and details a nuclear hit on that location. For Western Europe, Helel uses the plan laid out in Revelation 9:17 (quoted), “Horsemen in fiery red...horses with heads of lions...by the fire and brimstone which came out of their mouths...to kill a third of mankind...” to kill, steal, destroy and scare the daylights out of Western European nations. Pastor Doaks gets emails from Mikhail in Russia and Ariel in Petra. Mikhail says he put out a call to arms to gather a small army to go to the defense of Israel. Ariel reports the IDF is outnumbered ten to one but are putting up stiff resistance to the Won World military who are savagely overrunning the entire nation of Israel. George and the rainbows in the underground sanctuary city of San Marcus hear ear-shattering booms. They deduce they are being nuked but still remain safe. Many questions are asked about the state of the world. No information. Abaddon gives Helel the news about the effectiveness of the nuclear attacks and the horrid horsemen. Complete victory. They rule the entire world...or so they think. The IDF launches a last ditch effort to destroy more *Double W* forces in Damascus, Syria, launching many missiles with multiple warheads that flatten Damascus and fulfilling an ancient prophecy mentioned in Isaiah 17:1, “Behold, Damascus will cease from becoming a city and will be a ruinous heap.” But, it was too little, too late. The Third Woe begins with lightening that causes all to seek shelter. Pastor George preaches another updated sermon entitled The Seven Bowl Judgments and streams to all his email list detailing what is to come in the final three months before the second coming of Christ. Bowl Judgments will only affect those with the Mark of the Beast. He details each Bowl Judgment by scripture for everyone to read. Also in his sermon, Pastor George tells another prophecy in Jeremiah 50:9 which states, “For behold, I will raise up and cause to come up against Babylon an assembly of great nations from the north...” Just before the defeat of New Babylon, and angel of the Lord opens the gates to the prison near the Gladiator arena in New Babylon just as the same angel had released Paul from prison centuries before. Many of the prisoners were divinely transported to safe haven in Petra. Pastor Doaks,

keeping his Jewish calendar updated on all events, tells his people that Christ will appear in about 90 days. The fifth Bowl Judgment was poured out causing darkness. The sixth Bowl Judgment caused the Euphrates River to dry up as the 200 million man army from China makes its way to the Valley of Megiddo near Jerusalem for the final assault on Israel and the remnant of Israel gathered in Petra. The seventh Bowl Judgment was poured out on New Babylon causing the complete annihilation of the great city--in one hour--as Helel and his staff flee by helicopter to the Valley of Jezreel at Armageddon. And the angel said, "It is done."

Chapter 21—Armageddon

Helel's demons put out a call to arms for everyone bearing the Mark of the Beast to join them at their headquarters in the Valley of Jezreel along with the 200 million Chinese Army. Since the seas had turned to blood, diminished light and Jennifer Hatfield's worms and viruses had destroyed all navigation systems, not one plane load answering the call to arms made it. They ran out of fuel and crashed. Michaela and Dylan rushed into Pastor Doaks office telling him that according to their calendars Christ would appear in three days and could they share the information. Plus they had questions like, "Will we be able to see Christ's return being underground and in the Western Hemisphere? Will we see our families riding with Jesus in the clouds? Will we see the 180 mile long river of blood? Will we see the battle at Armageddon?" Pastor Doaks answers their questions with scripture, goes over unknown *cosmic phenomena in the skies* and gives them a detailed description of the Valley of Jezreel, Megiddo and Armageddon from his trip to Israel showing maps of the area to the girls. Pastor Doaks sends out his final GDR, entitled, "Christ Returns in Three Days." In the report he does a recap of the entire time period from the rapture to Armageddon with scriptures describing all the events. The girls send the report out to their friends in all 7,000 sanctuary cities. Helel is at his Megiddo headquarters. He briefs his generals and demon staff about the final battle plan to completely destroy Israel. The demons have lost faith in Helel and hopes Satan, himself will command them after seeing the destruction of New Babylon. Helel begins his briefing. His mouth is dry and he demands water. There is none, all water has been turned to blood. So he drinks the bloody water. Suddenly there is such a pungent odor in the tent that everyone is gasping for breath. Satan appears in spirit form and proclaims, "I, Satan, am here! I am your master and your god. I will direct the great battle and rule the world. I will sit upon the throne of David in Jerusalem and become the King of Kings and the Lord of Lords. Obey my every command!"

Chapter 22—King of kings, Lord of lords

Finally *the day* had arrived. In the wee hours of the morning as the entire earth was blanketed in darkness, bloody seas, sickness, afflictions, pestilence, and death; cities of the world reduced to complete rubble and clouds of radiation killing all living creatures surrounding them, the first of many written prophecies began to be fulfilled in lightning speed sequence. (This final chapter goes quickly between scripture describing the battle with vivid paragraphs following that describe the Battle of Armageddon and all the supernatural events that follow.) The very brilliance of Jesus appearing in the skies causes those with the mark to be blinded and helpless. It also causes, in the twinkling of an eye, the restoration of all waters, seas, trees and grasses of the earth to be restored.

The winds of the earth, full of nuclear particles, blow fresh upon the earth and all of those with the Rainbow seal of God on their foreheads are immediately healed of all disease, afflictions and sickness. Every eye on earth sees Jesus in the clouds in His Magnificent glory surrounded by billions of saints on either side of Him riding white horses, wearing white linen. Above them are millions of holy angels flapping their mighty wings. People in all the sanctuary cities see their own loved ones and ancestors on either side of Christ. Ariel sees her twin daughters on one horse, Pastor Doaks sees Jennifer Hatfield and Cooper McCoy along with his wife, his young son and Mikhail Jaranov. Rabbi Yair Neeman sees his ancient ancestors—Abraham, Isaac, Jacob, Enoch, Elijah, Elisha, Isaiah, Jeremiah, Moses, Aaron, King David, his son Solomon...and Mary and Joseph. Then Jesus Christ from the clouds above, simply blew HIS breath down upon Armageddon...“Whew,” exploding every soldier and every horse into a thousand pieces, turning the Valley of Jezreel into a gory basin. As the blood begin to rise up to a horse’s bridal, angels called on the flocks of the world to feed upon the kings and mighty men below. Holy angels grabbed Satan, the antichrist, Helel, and the false prophet, Ra, and threw them down to the bottomless pit and locked the opening with a huge chain where they would suffer for a thousand years while Jesus begins His reign. After separating the sheep from the goats it was finally time for the wedding supper of the Lamb to begin as Jesus touches His feet down to the earth on the Mount of Olives. The holy angels of the Almighty God formed a majestic, magnificent, permanent rainbow around the Earth composed of colors never before seen by human eyes to give a lasting, visual testimony that God always keeps HIS promises. And all the inhabitants of the Earth rejoiced and shouted, “Love one another!”
